SAVE up to  
\$6,000 USD!

Today your business needs are clear and critical to secure. But an over-extended, existing network system can be a risk in itself. To sustain network integrity and performance, you may need to go to the next level.

*Now your upgrade path is clear with this cost saving opportunity.*

Upgrade Platform	Instant Rebate
Nokia IP350	\$850
Nokia IP380	\$1,700
Nokia IP530	\$2,550
Nokia IP710	\$3,400
Nokia IP740	\$6,375

When you upgrade your existing Nokia IP Security Platforms to a Nokia IP350, IP380, IP530, IP710 or IP740, you will **save up to \$6,000 USD!**

Nokia IP Security Platforms are delivering new levels of performance and reliability, comprehensive centralized management, ease of deployment and low cost of ownership. Combined with the latest generation VPN and security software, Nokia IP Platforms are business enabling and future proof—and that's peace of mind.
